

## ***RS PICTURE FRAMING***

We can frame **some** pictures, photos, prints and paintings on papers, cards, boards or panels. We have 40 + years framing experience, using natural timbers.

Our frames are finished solid natural timbers – no veneers. Right now we are using Oak or Maple frames, which bring a classy look to the picture and complete the piece of work. They do not detract from the image, but enhance it.

For original Roadscapes paintings I prefer to use these same profile traditional stepped frame mouldings, in various hard and soft timbers. We mount or slip-frame pictures behind glass to protect them and keep them clean. The inner slip-frame or the mount/mat provides a border for the picture within the frame and lifts the glass away from the picture surface.

The frames are priced by outside edge linear footage, according to the various timbers used. For example a 12" x 18" image print with border, matted and framed behind glass adds up to an overall frame size of approximately 21" x 25", which is 7 - 8 linear feet. See list below of some timbers we have used. We have to source these ourselves according to availability, so please check to see what's in stock. And as far as I know they wouldn't be available anywhere else in small quantities, or for these prices.

<b>Timber</b>	<b>Price per linear Foot</b>
Alder	£14.00
Ash	£9.00
Beech	£9.00
Cedar	£15.00
Cherry	£13.00
Chestnut	£14.00
Elm	£12.00
Hemlock	£11.00
Larch	£10.00
Maple	£8.00
Oak	£8.00
Pear	£16.00
Sycamore	£8.00
Walnut	£12.00

For example, a 4ft linear Alder frame is £56.00, picture collected. A 7ft linear Walnut frame is £84.00, picture collected. **Price includes frame, glass, mats, backs and fixings.**

Postage is £25.00 extra to UK addresses via APC overnight service.

**This price includes carriage, packaging and strong double walled box.**

Please contact us for further details.

***Please note we do not frame canvases or any items such as tapestries that need stitching.***
